

HUNTSVILLE

A Lee W Hickok Novel
BY WILLIAM LYNES

Lee W. Hickok, MD is back as the dysfunctional alcoholic urologist. A brutal murder in which an African-American criminal, **Billie James Sampson** (BJS), relentlessly beats a young mother to death with a baseball bat, ruthlessly leaving the scene by driving over the wedding ring laden hand of the victim, rocks the state of Texas.

Now on death row, BJS's lifelong kidney stone disease treatment is left to the **University of Texas Medical Branch** and Lee W's talents. BJS's thuggery in the hospital offends the staff's sensibilities. However, after one long complicated surgery, an event sparks a life changing event in the troubled inmate.

When BJS's execution finally becomes a reality, Lee W's sobriety is yet again severely challenged. The murderer's changed life, however, will profoundly affect Lee W's soul.

A challenging and informative read taking us on the final journey of the surgical treatment and care {provided by a Recovering Surgeon} of a man convicted of Murder.
