

SWEET AMBER

A LEE W. HICKOK NOVEL

WILLIAM LYNES

Lee W. Hickok, MD is an alcoholic who loves amber bourbon. Under the influence, he is involved in a complex surgical procedure performed on a prominent Texas citizen, a case that has gone horribly wrong.

Using a maneuver learned during his residency-training, he resolves a case of life-threatening bleeding. While the surgery from that point goes well, the patient does not.

Sweet Amber involves accusations concerning Lee W.'s chronic drinking, its role in the tragic surgery, alcoholism in the medical profession and his eventual salvation and redemption.

Sweet Amber shares the compelling tale of an alcoholic surgeon's life, the tragic consequences of his choices, and his journey to redemption.
